Callused Hands Hungry Heart In the early 1970's Jim Lawrence unplugged from his well-fed, well-bred urban background, rejected the main staves of the American dream and wandered into the wilderness of adventure in search of a meaningful life. Callused Hands Hungry Heart is a journey across the working landscape of the country, from logging forests in the great Northwest, to commercial fishing and relentless hours in fish canneries; from life in a remote Aleutian island to hopping freights across the country. This book celebrates the romance, adventure, pitfalls and perseverance of a life on the bumpy road less traveled.
